

100%
CO₂e-NEUTRAL
FREIGHT TRANSPORT

» Osnabrück – Hamburg » Bremerhaven » Wilhelmshaven: The CO₂e-neutral alternative to road transport.

TFG Transfracht creates a CO₂e-neutral rail alternative to road transport between Osnabrück and all loading points in Hamburg, Bremerhaven and Wilhelmshaven with relevance to the maritime sector.

With CTOS, another terminal powered by green electricity is joining the AlbatrosExpress network.

Six weekly departures provide 100% CO₂e-neutral transport. Make your transport chains more sustainable and actively protect the climate.

» Your benefits at a glance

	Connections: 6 connections per week between the Osnabrück economic region and all major loading points in Hamburg, Bremerhaven and Wilhelmshaven
	Connection to the B 68 (feeder road) Connection to the Iron Silk Road
	Short transit times, fixed timetables
	Individually coordinated port-to-door deliveries
	Scalable train operations: allow flexible increase in volumes
	CO₂e-neutral transport: With <i>TFGeco train</i> for 100% CO ₂ e-neutral rail transport powered by green electricity CO₂e-neutral terminal: Terminal operation with green electricity CO₂e savings vs. road: Shifting approximately 40,000 TEUs to rail and using <i>TFGeco train</i> saves up to 7,000 tonnes of CO ₂ e-emissions per year.

Container Terminal Osnabrück

- » **Transshipment:** 20', 30', 40', 45' containers
- » **Transshipment sidings:** 4 x 710 m each, 2 x 350 m each
- » **Storage capacity:** over 6,000 TEUs & extension areas
- » **Handling equipment:** 2 gantry cranes (41 t), 1 reach stacker
- » **TFG services:** SOLAS weighing, *TFGeco train & eco truck*
- » **CTOS services:** dangerous goods storage area, containment area, agency
- » **Eco services:** operation with green electricity, CNG/LNG refuelling station at the terminal

AlbatrosExpress – Whether northern, southern or western ports – customized concepts serve six ports and 25 terminals.

We're looking forward to hearing from you.
