» Grossbeeren – 8 times a week to the northern ports and back

4 times a week in both import and export, the AlbatrosExpress connects the economic region of the Berlin-Grossbeeren with the German seaports of Hamburg, Bremerhaven and Wilhelmshaven. For even more transports by climate-friendly rail and thus fewer CO₂e-emissions.

» Your benefits at a glance

	8 connections per week between Erfurt economic region and all major loading points in Hamburg, Bremerhaven and Wilhelmshaven
	Direct connection to all major loading points in the seaports
	Short transit times, fixed timetables
	Individually coordinated port-to-door deliveries
	Scalable train operations: allow flexible increase in volumes
	Climate-friendly transport: rail transport = 80% reduction in CO ₂ e emissions compared with road. TFGreen eco solutions: TFGeco train enables 100% CO ₂ e-neutral rail transport using green electricity. TFGeco truck also enables 100% CO ₂ e-neutral road transport using compensation

Container Terminal Berlin-Grossbeeren

- » **Transshipment:** 20', 30', 40', 45' containers
- » **Transshipment sidings:** 4 x 700 m each
