

» Verona – Bella Italia and back up to 10 times a week

Intermodal and climate-friendly: TFG Transfracht strengthens green Alpine transit by rail.

The AlbatrosExpress trains run up to 10 times a week between the Italian industrial belt and all major loading points in the German seaports, and with the same frequency to and from the western ports of Rotterdam and Antwerp.

» Your benefits at a glance

Terminals in Italy:
- Verona-Quadrante Europa
Service to other terminals in northern Italy available on request.

Scalable train operations:
allow flexible increase in volumes

Individual solutions connecting northern Italian terminals to German seaports and the western ports

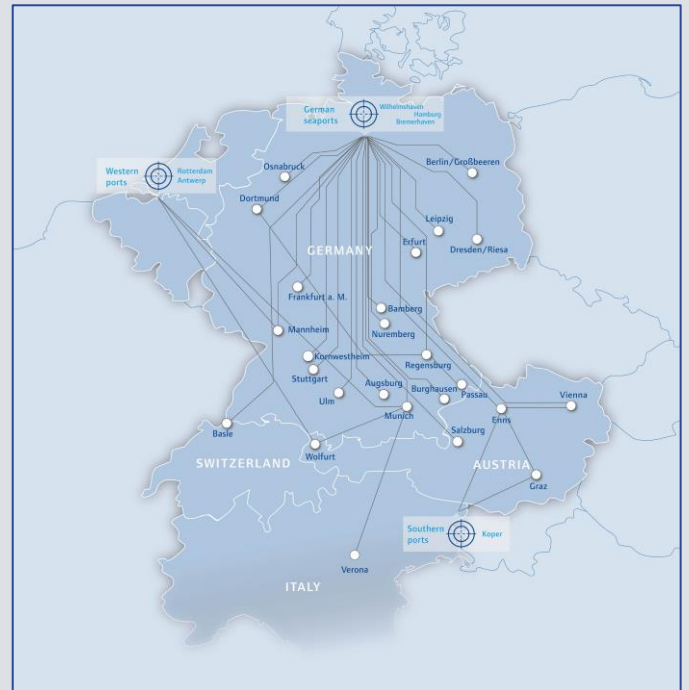

Time- and cost-efficient service to the economic powerhouse of northern Italy.

Individually coordinated **port-to-door set-ups**.

Climate-friendly transport: rail transport = 80% reduction in CO₂ emissions compared with road.

AlbatrosExpress – Whether northern, southern or western ports – customized concepts serve six ports and 25 terminals.

We're looking forward to hearing from you.
