## » Rotterdam and Antwerp: flexible and reliable connections – every single day

In collaboration with DB Cargo, TFG Transfracht links the western ports with Europe in combined transport – to move even more transports to climate-friendly rail.

### » Your benefits at a glance

**Daily connections:**  
between the western ports and Europe's economic centers

**Flexible and high-frequency connections:**  
through a central hub in Kijfhoek

**Short transit times, set timetables, flexible production**

**Individually coordinated port-to-door deliveries**

**Scalable train production:**  
for flexibly increasing volumes

**Climate-friendly transport:** environmentally friendly rail transport reduces CO<sub>2</sub> emissions by 80% compared to truck transport. **TFGeco train** also allows for 100% CO<sub>2</sub>-free rail transport using renewable energy
